## Access for DHH students in today's learning environment:

Access to curriculum content and for all students has been foremost on the minds of educators during the current pandemic.

Additional considerations for the deaf and hard of hearing students must be made as we plan for fall 2020 whether it be remote learning, a return to school buildings, or a hybrid model.

**What:** 60 minute online training including live Q&A session

**When:** By appointment only

**Who:** Up to 25 participants

This webinar will include information about remote learning and classroom/hybrid models.

We will discuss issues, tools and solutions for teachers and students in this new learning environment, including:

- ▶ Visual Access
- ▶ Closed Captioning Access
- ▶ HAT Cleaning guidelines for staff
- ▶ Other Accommodations

**Where:** Private ZOOM Webinar recorded live - followed by access to the presentation for a limited period.
